

October 1st thru October 7th

Winslow's Second Annual Solar, Wind and Sustainability Week

Sponsored by the

American Solar Energy Society and the Arizona Solar Energy Association

"Enjoy the tours, lectures, and activities plus educate yourself and your family about sustainable living"

Weeklong activity, Winslow Public Library

On display are materials for all ages on topics about renewable resources. We recently purchased with a LSTA grant from the Arizona State Library, "Going Green and save your own 'green': Methods and strategies for reusing, recycling and renewing resources." We know everyone will benefit from the books and video resources available, their ultimate information recycler.

Thursday, October 1st, 2:p.m. at the City Hall building, free event

City of Winslow

We will start solar week by learning how Winslow is becoming a model sustainability community. (Learn about recycling, water management and many other city projects) This is an informative interesting presentation that you will not want to miss.

APS. This is a wonderful opportunity to meet with an APS representative who will provide information on going solar plus give an overview on the many energy saving opportunities from APS. If you have ever considered solar, or just want to learn how to save money on your electric bill, this is a must attend event. Free light bulbs.

Saturday, October 3rd. 11.A.M. La Pasada Gardens, free event

Take a nature walk at La Pasada. Patrick, head gardener will be giving a tour and lecture on the water tolerant plants and native vegetation that is currently being cultivated in the vast sustainable gardens. Plan to enjoy a beautiful educational experience.

Saturday, October 3, 2009, 10am and 3pm Homolovi State Park, park fees apply

Join a ranger at Homolovi Ruins State Park to learn how the ancient people of the Southwest worked with this arid environment to become renowned farmers. Meet at the visitor center for this talk and an easy stroll. Wear comfortable shoes and a hat.

Sunday, October 4th, 1 to 4 p.m. Ogilvie residence: located at 123 West Mahoney. Enter in the rear off alley. Free

Want to have a home powered by solar? An opportunity to learn how to design, install, and manage a do it yourself solar system. This is a must see if you are interested in going solar.

Sunday, October 4th. 1 to 4 p.m. Kenna's Urban Homestead, 332 West Maple. Free

See a solar system in action, solar garden fountains and security lights, solar cooking, bio intensive year round gardening, hydroponic gardening, rain water harvesting and storage, and a swimming pool heated by solar plus see a RV powered by solar and wind.

Wednesday, October 7th 3:00- 4:30 p.m. on the lawn of the Winslow Library. Free

FUN IN THE SUN AFTER SCHOOL ACTIVITY FOR 1ST TO 3RD GRADERS ..
